

## Milestone Final Project: Niner Film Trade

### Application home page:

The screenshot shows a web browser window for 'localhost:3000'. The title bar says 'localhost:3000'. The header has a dark green background with the text 'Niner Film Trade' and a movie reel icon on the left, and 'Login' and 'Signup' on the right. Below the header is a navigation bar with the word 'Trades' in white. The main content area has a light gray background and features a centered heading 'Niner Film Trade'. Below the heading is a paragraph of text: 'Welcome to our film trading website, the ultimate destination for film enthusiasts! We offer a wide selection of films from all genres and eras, including classic films, indie films, and the latest blockbuster releases. Our easy-to-use website allows you to search for films by category, title, director or description. We also have a large community of film traders who can help you find that hard-to-find film you've been searching for. With new films added daily and competitive pricing, our website is the perfect place to build your film collection. Start browsing now and discover your new favorite films!' At the bottom of the page is a dark green footer bar with links for 'About', 'Contact', and social media icons for Facebook, Twitter, and Instagram.

**Description of the RESTful routes for requests associated with trading items. Have been specified along with the Screenshots.**

- **GET: users/profile**

The screenshot shows a web browser window for 'localhost:3000/users/profile'. The title bar says 'localhost:3000'. The header has a dark green background with the text 'Niner Film Trade' and a movie reel icon on the left, and 'Start New Trade', 'Profile', and 'Logout' on the right. Below the header is a navigation bar with the word 'Trades' in white. A green banner at the top of the main content area says 'You have successfully logged in'. The main content area has a light gray background and features a vertical sidebar on the left with the text 'Welcome to Niner Film Trade' and 'david's Trades'. Below the sidebar, a message says 'There are no Trades to display.' At the bottom of the page is a dark green footer bar with links for 'About', 'Contact', and social media icons for Facebook, Twitter, and Instagram.

A close-up photograph of Jack Palance as The Shining's "The Monstrous" character, looking intensely at the camera through a vertical wooden slat, possibly a door or window frame.

**The Shining**  
Stanley Kubrick  
A family heads to an isolated hotel for the winter where a sinister presence influences the father into violence, while his psychic son sees horrific forebodings from both past and future.

A photograph of a man and a woman in formal attire walking together outdoors, likely a scene from the movie The Lobster.

**The Lobster**  
Yorgos Lanthimos  
In a dystopian near future, according to the laws of The City, single people are taken to The Hotel, where they are obliged to find a romantic partner in 45 days or they're transformed into beasts and sent off into The Woods.

The screenshot shows a web browser window with the URL `localhost:3000/items/646b8a68dd33ad0fc6a80cae`. The page has a dark green header bar with the text "Niner Film Trade" and a soccer ball icon on the left, and "Start New Trade", "Profile", and "Logout" on the right. Below the header is a sub-header "Trades". The main content area features a large thumbnail image of a man and a woman in dark suits walking outdoors. Below the image, the movie title "The Lobster" is displayed, followed by the director's name "Yorgos Lanthimos". A "Synopsis:" section contains a brief description of the movie's plot. A blue button labeled "Traded" is present, and below it, the text "Posted 5/10/2023, 5:43:28 PM by Mandev Doshi". At the bottom of the page is a dark footer bar with links for "About" and "Contact", and social media icons for Facebook, Twitter, and Instagram.

### **Explanation of additional features, if any.**

No additional features were implemented in this milestone. I have kept only those features and functionality which were mentioned in the instructions and demo video.

### **Explanation of status, stopping point, and issues if incomplete.**

The application has been fully designed and tested. There is no halt in the development process, and no problems have been encountered to date.
